

## Math M119 Brief Survey of Calculus, General Course Policies

**Textbook:** All students registered for Math M119 will be billed through their bursar accounts for access to the etext and online homework in Pearson's MyLab Math. The etext is a custom, electronic version of *Calculus and Its Applications*, 12<sup>th</sup> edition, Bittinger, Pearson Custom Publishing. Students are not required to purchase anything from the bookstore, as they will be automatically billed for the etext.

**Prerequisite:** By direct placement by the placement test or recent completion of two years of high school algebra or Math 110 or 111, with minimum grade of C-.

**Course Description:** 3 credits. Brief Survey of Calculus. In this course, we see a brief introduction to calculus including derivatives and integrals, along with applications of calculus to business and economics.

**Calculators:** There is a required calculator for this course: TI-30Xa. *No other calculators are permitted on tests. This will be enforced on the common final exam.*

**Campus-Wide Policies Governing the Conduct of Courses at IUPUI:** These can be found at [http://registrar.iupui.edu/course\\_policies.html](http://registrar.iupui.edu/course_policies.html), with links to specific policies in the general areas of attendance, academic policy, conduct and related policies.

**Grading:** Your course grade is determined by the total of your points earned during the semester:

Online homework in MyLabsPlus	100 points
Quizzes/daily work/attendance	100 points
Tests 1-4 (100 points each, drop lowest):	300 points
Final Exam:	150 points
<b>Total:</b>	<b>650 points</b>

Divide your point total by 650 to get your overall average for the class. You can expect these grade ranges:  
A+ 98–100%, A 93-97, A- 90-92, B+ 87-89, B 83-86, B- 80-82, C+ 77-79, C 70-76, C- 65-69,  
D+ 62-64, D 55-61, D- 50-54, F below 50%.

There are no make-up tests. However all students can drop **one** low or missing test score for Tests 1-4. The test replacement policy applies to a single low test score; you cannot replace more than one test score.

**Final Exam:** The final exam is a mandatory, comprehensive, departmental exam. It will count for 150 points of your final grade. The final exam score cannot be dropped.

**Incompletes:** Grades of Incomplete will only be given in accordance with the university policy available at <http://www.registracodar.iupui.edu/incomp.html>. Specifically, students must be passing at the 3/4 mark of the semester to qualify for assigning an incomplete. The instructor must agree that an incomplete is appropriate and it must be approved by the Associate Chair of the Department of Mathematical Sciences.

**Dishonesty and Student Misconduct:** Cheating will result in a minimum penalty of receiving a grade of F in the course. The IUPUI Department of Mathematical Sciences expects all students to adhere to the regulations put forth in the "IUPUI Code of Student Rights, Responsibilities, and Conduct" concerning academic misconduct or personal misconduct. Procedures for imposing academic and disciplinary sanctions are outlined in the Code. More info can be found at <http://www.iu.edu/~code/code/index.shtml>

**Course Coordinator:** Questions and problems relating to this course should be directed to Joan Rainey, [jrainey@math.iupui.edu](mailto:jrainey@math.iupui.edu)
